“ Marilyn and family, words can not express how sorry I am for your loss!

*If there was one most impressive thing about him other than his big heart, it was how good he was with people! We would have an angry client walk in because someone dropped the ball and Dan would not only have him laughing within moments...he would then handle the issue like a Boss right then and there! He was so funny, smart and collected and would never take 'can't be done' for an answer. He would always double check everything and make sure things got resolved. His cellphone really did not sleep just as he promised everyone and State Farm will never have a more committed agent than Dan was for over 55 years!*

*If we are lucky, we all meet people that make such a positive impact on our lives and that for me was Dan! I feel like he was that for so many people that knew him well! We were not ready for you to leave & You will be missed so much Boss! Hope you get to see your mom ❤️*
