Pollyanna "Polly" Moore Davis

September 3, 1928 - February 9, 2021

Polly left us to join Warren, family, her friends, and pets on the other side during the early morning of February 9th, 2021. She is survived by her seven children: Lynn, Craig (Susan), Suzan, Scott (Nicola), Jeff (Claudia), Wendy and Matt (Jennifer), thirteen Grandchildren and seven Great Grandchildren. Her next journey will be as remarkable as the life she left behind and will be celebrated for eternity.

Please join us in celebrating the incredible life Polly shared with us. Take long moments to reflect on the time spent with her that are memorable, sweet, kind, funny and loving. Cherish them; share them repeatedly.

Polly left behind so much for those in her life and yet took much more with her. She will be missed for sure; so, Celebrate loud and long and thoroughly for all she gave to each of us.

“ To all 7 of the great friends and neighbors to the Surkamers: We were so lucky that our folks connected all of us. There are so many good memories, but my favorite is the days I was able to spend with your Mom on Witchwood painting the west rooms, stairs, and hall off the kitchen. We chatted during the day, and her advise and time was just what I needed at age 22, and was still so very unsure of myself. She and your Dad were special people in the Surkamers' lives.

“ Deeply saddened by the news of Polly's death. I reflect back on the many good times with her at the bridge table, luncheons, Book Club, birthday celebrations, and a super fun weekend at the Davis "cottage". She was a lovely lady, devoted wife and mother, and a generous and fun friend. She will be sorely missed by many, but especially by her seven children to whom I send my deepest sympathy.
